2. Four facilities have been identified along the Moscow-Voronezh-Kharkov TV/Microwave relay link. Lack of adequate coverage precludes complete identification of all the facilities on the link. Geographic coordinates are derived from US Air Target Charts, Series 200. The small scale of available photography precludes identification of the size, type, and orientation of microwave elements. The facilities located are listed below:

a. Pervomayskiy Microwave Facility NIETB - None
